Lester Snow, Director  
CALFED  
1416 9th Street Ste 1155  
Sacramento CA 95814

Dear Mr. Snow:

At its meeting this week, the Board of Directors of Marin Municipal Water District approved a resolution commenting on the CALFED Bay-Delta Program. This resolution focuses on the issues most critical to the District's interests.

MMWD has long been recognized as a leader in water conservation and efficiency and our efforts have provided both economic and environmental benefits. MMWD urges CALFED to:

- Guarantee adequate freshwater flows into the Bay
- Ensure water conservation by all users
- Ensure that the Bay Area receives a fair share of CALFED funding for environmental restoration efforts

Thank you for the opportunity to comment on the process.

Sincerely,

Joe Nation  
President  
Board of Directors
